

AMSA Operations EX 2017/6

Navigation Act Qualifications (Engineer Officers) Exemption 2017 No 2

I, Mark Eldon-Roberts, Manager Seafarer Certification Service, Operations and a delegate of the Chief Executive Officer of the Australian Maritime Safety Authority, under subsection 334(1) of the *Navigation Act 2012*

revoke *Navigation Act Qualifications (Engineer Officers) Exemption 2017* (AMSA Operations EX 2017/1)

exempt a person who holds a seafarer certificate mentioned in an item of Schedule 1, and was performing the duties of the certificate before 1 April 2014, from the requirement to hold a seafarer certificate that would be required to perform the duties and functions of the position mentioned in the item

subject to the condition that the person may perform the duties or functions only on a regulated Australian vessel within the Exclusive Economic Zone or the territorial sea of Australia.

This exemption ceases to have effect at the end of 31 March 2019.

15TH DECEMBER 2017

Manager Seafarer Certification Service
